PROFILE

I am a highly determined and enthusiastic professional with over one year of experience in software development, specializing in React.JS, Laravel, and NodeJS. I also have expertise in SQL and NoSQL databases. My strong foundation in Software Development fundamentals allows me to fix bugs and follow good programming practices efficiently. I am well-versed in Agile & Scrum methodologies. Recently finished final years in my degree in BSc in Information Technology from SLIIT, I am a proven communicator and an effective team worker as well as flexible and prefer to learn and adopt new technologies. I am eager to apply my skills to contribute to your company's success.
